Program Background

The Drug, Gang, and Violent Crime Control Program (DC) allows state, county, local and tribal governments to support activities that combat drugs, gangs, and violent crime. The DC program provides funding to support the components of a statewide, system-wide enhanced drug, gang, and violent crime control program as stated in the *2016-2019 Arizona Drug, Gang, and Violent Crime Control Strategy*. The strategy includes the following two goals for the foundation and direction of the program:

- Curtail the flow of illicit drugs, drug proceeds, and instruments used to perpetuate violence across Arizona.
- Reduce violent crime and illicit drug use and deter repeat offenders in Arizona.

The strategy also outlines purpose areas as a guide to funding projects meant to address the drug, gang, and violent crime problem in the state. These purpose areas are as follows:

- Apprehension
- Prosecution
- Forensic Support Services
- Adjudication & Sentencing
- Corrections & Community Corrections
- Substance Abuse Treatment for Corrections-Involved Individuals
- Prevention and Education

In FY 2018, grant awards were made in the amount of \$9.2 million. These funds were awarded to projects addressing apprehension of drug offenders, prosecution of drug offenses, statewide forfeiture activities, forensic support of task forces, drug adjudication projects, and correctional substance abuse treatment. Table *DC 1* on page 10 shows a summary of the FY 2018 grant awards, the FY 2019 grant requests made by applicants, and the FY 2019 proposed projects.

Funding

The program is supported by several funding streams to successfully carry out the statewide strategy. The Edward Byrne Memorial Justice Assistance Grant (Byrne/JAG) funds awarded to Arizona by the U.S. Department of Justice, Bureau of Justice Assistance (DOJ/BJA) continue to support program activities along with state Drug and Gang Enforcement Account (DEA) funds established under A.R.S. §41-2402, and matching funds when approved by the Commission. The Commission applies a match requirement of 25 percent for this grant program.

In FY 2018, \$9.2 million was allocated to grant projects. This amount was comprised of \$3.2 million in Byrne/JAG funds, \$3.7 million in DEA funds, and \$2.3 million in matching funds.

For FY 2019, staff is proposing a program size of \$8,662,394. Of this amount, \$2,997,250 is from the federal Byrne/JAG grant, \$3,524,252 is from the state DEA fund, and \$2,140,892 is from matching funds. The FY 2019 program size represents a decrease of \$(575,673), or (6.2) percent, from the FY 2018 program size. Table *DC 2* summarizes the change in program size, by fund source, for FY 2018 and FY 2019 recommended.

<i>DC 2</i> Program Size FY 2018 – FY 2019							
	FY 2018	FY 2019 (Recommended)	Change

Total	\$ 9,238,067	\$ 8,662,394	\$ (575,673)				

Applications Received

The solicitation for the Drug, Gang and Violent Crime Control Program opened January 29, 2018 and closed February 23, 2018 at 3 p.m. Thirty-six applications were received requesting a total of \$14,400,209 (\$10,800,157 in grant funds and \$3,600,052 in match funds). Of the 36 applications, 13 were apprehension projects (Tier 1), 17 were prosecution projects (Tier 1), one was a statewide forfeiture project (Tier 1), three were forensic support projects (Tier 2), one was a drug adjudication project (Tier 2) and one was a corrections project (Tier 2). Table *DC 3* on page 11 displays the grant request for each eligible applicant broken out by priority area and expenditure type.

Evaluation and Scoring

Eligible applications were reviewed by an evaluation team and scored based on the criteria published in the solicitation with an emphasis on the goals of the statewide strategy. In addition, the solicitation emphasized that personnel expenditures would be prioritized in the budget recommendation allocation.

Recommendation

Staff recommends funding \$8,662,394 and allocated according to Table *DC 4* on page 12. Under the proposal, \$3,097,771 would be allocated to tier one apprehension projects, \$3,168,503 for tier one prosecution projects, \$620,191 for a tier one statewide forfeiture project, \$406,802 for tier two forensic support projects, \$1,269,127 for tier two drug adjudication projects, and \$100,000 for a tier two corrections project. The total grant project amount is comprised of \$6,521,502 in grant funds and \$2,140,892 in match funds. The funding would support eligible costs for grant projects, allocating \$5,570,505 in personal services, \$2,637,120 in employee-related expenditures, and \$354,769 in overtime expenditures, and \$100,000 in contract services.

Projects that received \$100,000 or less and funded less than 1 FTE in FY 2018 are allocated level funding in FY 2019. The Department of Corrections grant, funded at \$100,000 in FY 2018, is also allocated level funding. This project is entering its second year, and level funding provides the best opportunity for a successful model recidivism reduction project. All other recommended projects that received funding in FY 2018 are allocated a reduction in funding ranging from three percent to 10 percent, with larger projects experiencing greater reductions.

The Apache Junction Police Department did submit an application, however, it was not recommended for funding. Although a well-written proposal, the project did not align with the goals of the statewide strategy relating to drug control.

Allocation Guidelines

For applicants scored as eligible, all expenditure types were analyzed by staff and allocated based on the needs and best interests of the grant program in meeting the statewide strategy. The following guidelines were used by staff to build the recommendation:

- Prioritize previously funded projects that demonstrate effectiveness.
- Maintain as much balance funding as possible between tier one apprehension and prosecution projects.
- Fund at least one tier one apprehension project and prosecution project in each county.
- Provide some level of funding to tier two projects impacted by apprehension and prosecution activities.
- Prioritize funding core operations positions. Core operations positions are those considered most critical in meeting the purposes of the strategy (i.e., task force officers, attorneys, criminalists).
- Fund a position and the associated ERE at the current costs as reported by the agency in the application.
- As a priority, fund personal services, ERE, and overtime before considering any other budget category.
- Avoid funding multiple support-type positions for any project until core position needs are met.
- Apply salary and ERE caps.

Salary and ERE caps

Salary and ERE caps were calculated using costs for positions and employee-related expenditures submitted in the FY 2019 grant applications. The FY 2019 grant allocation includes the following personnel cost caps:

Task Force Positions								
	Commander	Sergeant	Detective	Deputy	Investigator	Officer	TF Support	
Salary	\$78,320	\$79,585	\$54,318	\$45,891	\$59,754	\$54,985	\$39,930	
ERE	78.3%	78.3%	78.3%	78.3%	78.3%	78.3%	46.7%	

Prosecution Positions							
	Attorney	Attorney	Pros.	Pros.			
	1-11	111-IV	Support	Sworn			
Salary	\$68,566	\$94,064	\$39,001	\$68,913			
ERE	34.6%	34.6%	46.3%	78.3%			

Additional Considerations

In addition to the information provided in each application, staff considered other factors to determine allocations to individual projects. These factors included performance-based variables such as benchmarking factors and grant administration. Staff also considered data related to the illicit drug environment existing in each county to support the continued need

for grant resources, specifically public health data related to drug use, Arizona Youth Survey data, and drug arrest data reported by the Department of Public Safety.

The recommendation for the Attorney General's Office Medicaid Fraud project would require the grant period to run from October 1, 2018 to September 30, 2019. This project would provide matching funds for a federal grant and the grant period needs to run concurrent to the federal fiscal year. As such, this project will only be allocated state funds and a match is not applied. All other projects would have a grant period of July 1, 2018 to June 30, 2019.

Compliance with State Statue and Federal Grant Requirements

The recommendation would comply with the provision in A.R.S. § 41-2402 that limits distribution of monies in the Drug and Gang Enforcement Account up to 50 percent for law enforcement agencies, up to 50 percent for prosecution programs/agencies, up to 30 percent for court programs/agencies, up to 30 percent for corrections agencies, and up to 30 percent for criminal justice records integration.

The recommendation would also meet the Byrne JAG variable pass-through requirement of 66.9%. BJA calculates the proportionate criminal justice spending by state and local government and requires the local government percentage be passed down to local agencies in the state. This recommendation would pass 82.4% down to local governments.

The recommendation also meets the BJA requirement for "less than \$10,000" jurisdictions. Some units of local government are ineligible for a direct JAG award from BJA because of the small size of the grant. Funding from these small jurisdictions is added up and allocated in the state JAG award. The amount for this grant year is \$245,959. The state can grant out these amounts to the small jurisdictions or award the funding to a state police department. The recommendation meets this requirement through the award to the DPS forensic support project.
