25. DESCRIPTION OF REQUEST:

Increase budget

26. JUSTIFICATION:

The request is for additional funding for a design consultant modification, costs associated with utility relocations for right of way cost to cure and costs for APS prior rights relocations.

A design contract modification is necessary because the construction sequencing and phasing for the project required modification after the Stage V submittal and a resubmittal of Stage V. The modifications were necessary because of utility conflicts and the goal to keep construction out of the produce season (November to April) for the food processing businesses located within and adjacent to the project limits. The project was developed originally as a one season construction project but utility conflict resolutions required a two season construction project with the south roundabout being constructed the first season. When it became apparent the utilities clearances were not leaving enough time to construct the south roundabout (longer construction duration), the phasing was shifted to construction the shorter duration roundabout (north) first so we are able to bid the project in FY 2017. Also, the City of Yuma water line relocation work was not able to be constructed before the winter months, their relocations required rephrasing the project so the north roundabout will be constructed first allowing for the City of Yuma to clear their conflicts without affecting the water supply to the agricultural cooling/packing sheds that need a continuous supply of water during the produce season.

Right-of-way Cost to Cure: A driveway relocation was necessary to maintain efficient intersection traffic operations. A temporary construction easement (TCE) was obtained to allow the construction of the new driveway. Due to the property owners' oversight of the necessary utility relocations within the private property which are required for the construction of the new driveway, they are now requesting reimbursement of utility relocation costs.

APS has prior rights and needs to relocate to clear conflicts.

Consultant - \$144K into 01D
R/W Cost to Cure - \$45K into 02R for Acquisition.
Relocation costs for APS Prior Rights - \$115K into 01U
ICAP - \$30K
TOTAL = \$334K
H8102 01D budget = \$69K - \$59K to complete = \$10K available

25. DESCRIPTION OF REQUEST:

Establish design project.

26. JUSTIFICATION:

ADOT was required to be the owner of SR 989 between First Ave and SR 77 since that portion of Tangerine Road was originally designated as a main corridor. Since this roadway is no longer designated as such, abandonment to the Town of Oro Valley has been agreed to upon completion of the work shown below.

ADOT is requesting a Waiver of the Four-Year Advance Notice of Abandonment in accordance with ARS 28-7209. Letter to Oro Valley dated (January 23, 2017)

Prior to this abandonment, ADOT and the Town of Oro Valley have discussed following work to be completed by the State;

- 1) Mill out the existing 1/2`` AR-ACFC from MP 34.45 to MP 36 (1.55 miles) in both eastbound and westbound directions, including turn lanes.
- 2) In lieu of replacing the AR-ACFC, a rubberized Asphalt Chip Seal Coat will be applied to the milled surface as the final pavement surface.
- 3) Reinstall the pavement markings.
- 4) Clean all the bridge deck joints on the Big Wash Bridge.

25. DESCRIPTION OF REQUEST:

Establish construction project.

26. JUSTIFICATION:

This project is a 2010 Round 18 TEA project approved for \$750k (\$22k for PMDR, \$175K for Scoping/Design, and \$553K (TEA funds) and \$580K (Bridge funds) for Construction. Total estimated construction cost is \$1.2M based on Stage IV estimate.

The proposed project is located on the Little Colorado River and consists of replacing the wood bridge deck with a concrete deck, repairing steel members, installing crash-tested barrier rails, and repairing abutment wall. Guardrail end terminals will be installed at both approaches to the bridge.

NEPA clearance completed in 2015; BLM issued approved EA 02/17/2017. No changes to ADOT CE needed. R/W certification form has been received from Navajo County; R/W clearance will be issued 02/24/2017; utility clearance issued 02/14/2017. IGA amendment has been executed. County match for construction has been received and processed.
