WIFA is asking a diverse set of public and private water supply interests to describe potential water augmentation opportunities they have identified or believe may be valuable for WIFA to consider through a Request for Information (RFI). *The Water Infrastructure Finance Authority of Arizona (WIFA) is an independent state authority authorized to finance the construction, rehabilitation, acquisition, and improvement of water infrastructure throughout Arizona. WIFA is governed by its board consisting of nine voting members appointed by the governor and legislative leadership and nine nonvoting ex-officio members representing legislative leadership and relevant agency heads.
